We, the undersigned, being citizens of Florida, do hereby express our strong support for the building of the Pasco County Achievers of America Center (P.C.A.A.C.) at the location of Hicks Rd. and Hudson Ave. across from Veterans Memorial Park.

The P.C.A.A.C. is a three building complex that will serve individuals with disabilities, senior citizens, and the general public. This center's main purpose is to improve the quality of life for everyone living in our community, the surrounding communities, and the State of Florida. With programs for special needs individuals and developmental disabilities such as autism, Down's syndrome, cerebral palsy, stroke and brain injury survivors, Alzheimer's support programs, programs for senior citizens to enhance their quality of life by providing the skills and training for related learning abilities, and special education programs for career development and employment training, adult day training, and assisted living.

We respectfully request that you, as the elected leaders of the city and state, do everything in your power to assist in any way with the construction of said complex.
